

YEAR 11 EXAMINATION PROCEDURE

DECEMBER 2017

We are eager for the exams to go as smoothly as possible for everyone, but, if this is to happen, everyone must be clear about procedures and must follow them.

Mock examinations will be held between Monday 11th and Friday 22nd December (inclusive). Mock examinations will be run in the same way as public examinations so you have the opportunity to experience examination conditions and know what you are allowed/not allowed to bring into an exam room and how you are expected to behave. This knowledge will help to make your GCSE examinations more straightforward.

From Monday 11th and Friday 22nd December inclusive, you will either be:

- - in school to take an exam/planned activity included on the timetable.
- - in school to do private study, or
- - doing private study at home (**if you have returned a completed timetable / consent form signed by a parent, indicating that you may do this**).

If you indicate on your timetable that you will study at home /in school for any periods when you are not doing an exam, you must follow what you have told us on your timetable and **cannot change your mind**. This is for your safety.
