

KEVI CAMP HILL SCHOOL FOR GIRLS

CHEMISTRY CURRICULUM MAP (YEARS 7-11)

		AUTUMN TERM	SPRING TERM	SUMMER TERM
KEY STAGE 3	YEAR 7	Chemistry is now taught as part of KS3 Science Introduction to Laboratory Skills Particles and Mixtures	Chemistry is now taught as part of KS3 Science Acids and Alkalis and Reactions of Metals	Chemistry is now taught as part of KS3 Science Earth Structure
	YEAR 8	Chemistry is now taught as part of KS3 Science Atoms, Elements and the Periodic Table	Chemistry is now taught as part of KS3 Science Chemical Reactions	Chemistry is now taught as part of KS3 Science Metals, Reactivity and Materials
	YEAR 9	Atomic Structure and the Periodic Table	Chemistry of the Atmosphere	Organic Chemistry (Crude Oil, Alkanes and Alkenes) Structure and Bonding
KEY STAGE 4	YEAR 10	Chemistry of the Atmosphere Structure and Bonding	Rate and Extent of Chemical Change	Quantitative chemistry Chemical Changes
	YEAR 11	Chemical Changes Energy Changes	Organic Chemistry (Alcohols, Carboxylic Acids & Esters, Polymers) Using Resources	Exams
